Dear Valued Sponsor,

The Jordanian Society of Rheumatology is pleased to announce the upcoming “Arab League of Associations for Rheumatology Congress ArLAR JORDAN 2020” which will be held in conjunction with the 6th International Congress of the Jordanian Society of Rheumatology from 18-21 March 2020, in Amman, Jordan.

The Organizing Committee recognizes that progress in health care depends heavily on a solid partnership between the pharmaceutical industry and health care providers. This year’s program will cover keynote parallel sessions and hands-on workshops for four consecutive days. In addition to the diverse educational sessions presented by prominent Arab, and International guest speakers, this Congress will offer a platform to showcase various researches led by many Arab rheumatology teams through oral and poster presentations.

For the first time in ArLAR history the French Society for Rheumatology (SFR) will be participating in the congress with high attendance from France and ArLAR’s North African countries.

This event is an effort to properly understand the latest development in the field of rheumatology and musculoskeletal diseases in order to optimize diagnosis and treatment of our patients with effectiveness and precision. It truly is a great opportunity to bring the global rheumatology community together to achieve more.

As a Congress sponsor or exhibitor, you will have the opportunity to partake and be involved in a conference that features a wide choice of multidisciplinary sessions and educational initiatives, all designed to encourage the exchange of evidence-based methods so that knowledge can be translated into action to advance results in rheumatology practice, globally and regionally.

Your active and valued participation in this event will certainly contribute to its success and will be greatly appreciated and acknowledged. We are confident that you will give this matter careful consideration and thank you in advance for your support. As such, we have enclosed the list of the sponsorship prospectus for your review.

Base Masri, MD
President of the Congress
President of ArLAR
President of the Jordanian Society of Rheumatology

**ArLAR JORDAN 2020**

Congress will take place from 18-21 March in Amman, Jordan. For the first time in ArLAR history the French Society for Rheumatology SFR will be participating heavily in the congress with high attendance from France and North African countries. Our audience will be enriched by the presence of francophone rheumatologists from North Africa. For this reason, some lectures will be delivered in French during the congress with instant translation to English. This will increase the number of participants compared to previous congresses.

This scientific educational event is a platform to support “Young Arab Rheumatologists” and bring together many of the world’s leading Rheumatology experts in order to present and share their precious clinical knowledge and their latest clinical research findings in various aspects related to Rheumatology.

### About ArLAR

The Arab league of Associations for Rheumatology was founded on 29 March 1995 under the name of Pan Arab Society of Rheumatic Diseases. It was changed to the current name in November 2018 with a new logo and new Articles of Association. 13 biennial congresses were held in different Arab countries.

The 5 missions of ArLAR are:
- to represent Arab Rheumatologists,
- to promote the pursuit of excellence in rheumatic and musculoskeletal disease care,
- to enhance education and research among the Arab countries,
- to advance professional camaraderie between Arab Rheumatologists and worldwide,
- to boost research & training with the aim of improving the health of patients with rheumatic & musculoskeletal diseases.

About Amman, Jordan

Amman, the capital of Jordan, is a fascinating city of contrasts - a unique blend of old and new, ideally situated on a hilly area between the desert and the fertile Jordan Valley.

In the commercial heart of the city, ultra-modern buildings, hotels, smart restaurants, art galleries and boutiques rub shoulders comfortably with traditional coffee shops and tiny artisans’ workshops. Everywhere there is evidence of the city's much older past.

Due to the city's modern-day prosperity and temperate climate, almost half of Jordan's population is concentrated in the Amman area. The residential suburbs consist of mainly tree-lined streets and avenues flanked by elegant, almost uniformly white houses in accordance with a municipal law, which states that all buildings must be faced with local stone.

The downtown area is much older and more traditional with smaller businesses producing and selling everything from fabulous jewelry to everyday household items.

The people of Amman are multi-cultural, multi-denominational, well-educated and extremely hospitable. They welcome visitors and take pride in showing them around their fascinating and vibrant city.

Currency: Jordanian dinar (JOD) - Exchange Rate (US$ 1.41)
Official language: Arabic, However English is widely spoken in Jordan
Capital and largest city: Amman
Calling code: +962
Climate (March): Moderate Weather. Temperature varies between 15-20
Time Zone: (GMT+2) / (UTC +2 EET Eastern European Time)

About The Kempinsky Convention Center

The 5 Star Kempinski Hotel Annex in Amman Jordan comprises of a 1,000sqm ballroom, a 760sqm multipurpose exhibition space, high end restaurant complete with outdoor rooftop terrace and three superb 185sqm panoramic meeting room spaces.

Each unique space is designed & commissioned with premium audio visual systems to complement the quality user experience and high end feel that the Kempinski’s owners wanted to establish. Each space was acoustically treated, with the comfort of the guests in mind, to ensure adequate privacy and limited noise transmission.

The end goal for the Kempinski Hotel Amman was a premium addition to the hotel that offered the locality of Amman unparalleled audio visual solutions & acoustics for large events such as weddings, corporate meetings & trade shows in a Five Star setting.

The Ballroom offers a complete AV solution comprised of digital audio and multimedia systems, tied together with a slick and sophisticated control system. 6 Full HD projectors on hoists provide an immersive video experience for any occasion, complemented by a rich ceiling adorned with Swarovski chandeliers and wall based sound system to deliver an unbeatable sound for any occasion. The multipurpose exhibition space offers the same audio visual functionality of the Ballroom on a slightly smaller scale but is equally as impressive.

The Kempinski Hotel Amman now offers a stand-alone conference and events center with audio visual solutions and acoustically treated spaces that sell themselves.

Other Sponsorship Opportunities

SYMPOSIUM (NON-CME)

50 000 USD

Available only after level supporters have selected their slots.
- Organizing a Symposium is a great opportunity to set your topic within the scientific program of the congress.
- The sponsor is free in presenting a congress related topic to the program which will be scheduled in close consultation with the congress organizers and scientific committee.
- Once the program of the satellite Symposium has been approved, it cannot be modified.

All symposiums slots are offered for 60 minutes unless otherwise stated.

1. Satellite Program

The session program, including title, topics and lectures, must be submitted to the Congress organizers for approval. The goal is to ensure that the program is not product oriented and that there is no overlapping of topics between various Symposia. Once the program of a Symposium is approved, it cannot be modified (except with approval from the Congress organizers). The organizers reserve the right to change the date and time of the Symposium.

2. Rooms & Services for Satellite Symposia

The conference room will be provided with:
- Room rent / Set-up Classroom / Theater Style
- Lectern with microphone and presentation computer
- Chairperson’s desk with fixed microphones
- Two fixed microphones for audience
- Front projection screen
- Room attendant
- Use of Speaker Preview Room
- Publication in official schedule
- Sponsor may publish their own program, abstracts & Proceedings
- A technician will be available during your symposium.

3. Speakers’ Travel Arrangements

The sponsor is responsible for covering the airfare ticket and accommodation of the speakers and chairpersons who have specifically been invited to participate at the Symposium. All participants and invited guests who wish to attend the symposium, must be registered as active participants.

4. Speakers’ Presentations

Sponsors are requested to make sure their speakers use the Speaker Preview Room to upload their presentation, as the lectern computer provided is not accessible directly. This should be done at least 12 hours prior to the start of the session. In case speakers wish to use their own laptops, it is the responsibility of the sponsor organizing the session and the congress organizers must be informed of this at least 5 days in advance of the event. Please make sure that the presentation size should be 16 x 9 inches.
